***At Eagle Dairy Direct<sup>sm</sup>, our mission is to provide you with low-cost products and programs designed to help you succeed and save. Every day we work to offer you the best possible service, ensuring your buying experience is one that brings you back again and again. You have the opportunity to purchase from one of four buying programs that best suits your needs:***

***Eagle Dairy Direct***

Eagle Dairy Direct is a program offered to all Dairy Lea Cooperative Inc., Dairy Farmers of America, Inc., affiliated co-op members and DMS independent producers. There are no membership fees. Instead, we add a small margin that still allows our prices to be very competitive. Farms of all sizes are actively utilizing the savings available through this program for purchasing all of their farm supplies.

***Eagle Buying Group***

The Eagle Buying Group is a fee-based buying program established to assist our larger Northeast co-op members. Today, this group consists of more than 120 farms with nearly 100,000 cows. This program is best suited to large farms in the Northeast that are looking to reduce costs by ordering large volumes of product.

***Dairy Farmers Buying Group***

The Dairy Farmers Buying Group is a fee-based buying program, established to assist members of Dairy Farmers of America outside the Northeast in purchasing selected inputs and services cooperatively. This group has grown to include more than 39 farms with over 39,000 cows in just two years. This program is best suited for mid- to large- size farms outside the Northeast.

***Eagle Fleet Direct***

Eagle Fleet Direct is a centralized buying program to assist contract haulers in reducing their operating costs. The program is designed not only to provide cost savings, but to bring value through strong customer service, expertise in buying and expanded relationships in the marketplace. Eagle Fleet Direct offers many products including a fuel card program, tires, filters, belts, hoses, lights, repair parts, bulk fuel, lubricants, power units and tankers.
