

Direct Balance™

A Rich Balanced Nutritional Supplement for Calves

Direct Balance™ is a nutrient rich supplement that supports a calf's developing immune system until weaning, thus helping the calf to reach its full genetic potential. It does not contain blood serum sourced proteins and helps increase consumption and energy levels. This product contains vitamins, mineral, Selenium Yeast, Fructo-oligosaccharide, Manna-oligosaccharide, and five strains of host-specific microencapsulated bacteria.

Guaranteed Analysis
